**Region/Country:** Europe, Eurasia

**Timeframe/Dates:** December 2018 - December 2020

**Lead Partner:** ZINC Network

**Partners:** Bellingcat, Atlantic Council: Digital Forensic Research Lab, Media Diversity Institute

**Project Objective:** The Open Information Partnership is a diverse project that brings together think tanks, fact checkers, independent media and grassroots organisations to counter the manipulation of information.

MDI trains the organisations in a variety of areas including, investigative journalism, data journalism, debunking hate speech, content sharing, ethical issues and response campaigns.
