“Independently established by youth organisations, the European Youth Forum is made up of more than 90 National Youth Councils and International Non-Governmental Youth Organisations, which are federations of youth organisations in themselves. It brings together tens of millions of young people from all over Europe, organised in order to represent their common interests. Representation, internal democracy, independence, openness and inclusion are among the main principles for the functioning of the European Youth Forum and its Member Organisations.”

undefined

The EYF seeks to raise young Europeans awareness and understanding of diversity and mutual understanding. It empowers youth and encourages it to participate actively in the political and social progress of the European Union and ultimately the World.
